SUMMARY

I am a highly motivated 3rd-year B.Tech Engineering student specializing in Computer Science, with a strong passion for software development and problem-solving. Over the course of my studies, I have honed my technical skills through in-depth courses in Data Structures and Algorithms with Java, Python development, and full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). I also have a strong command of front-end technologies like JavaScript, HTML, and CSS, enabling me to build responsive and user-friendly applications.

PROJECTS

Freelancing Platform

- Developed a Full Stack Website using HTML , CSS , JavaScript & MERN .
 - Provide Clients for Freelancers and Freelancers for Clients .
 - Uses AI based Search Recommendations for jobs and services.
 - A Feedback and Review system for client based analysis.
 - Focused on improving user experience through data-driven insights.
-

EDUCATION

Bachelor of Technology

October 2022 - 2026

Galgotias University, Noida, UP

- Computer Science Engineering. (CGPA- 8)

Intermediate

April 2015 - March 2022

Gurukul Public School, Aligarh, UP

- Demonstrated strong analytical and problem-solving skills.
 - Participated actively in extracurricular activities promoting teamwork and leadership.
-

CERTIFICATES

- **AI & Machine Learning**

(Amazon AWS)

- **Web Development**

(Eduskills, AICTE internship)

- **50 - days LeetCode Challenge**

(Leetcode)

SKILLS

- Java
- Data Structures
- Python (AI & ML)
- Full Stack Web development
- Video Editing
- Content Creation
- MS Office
